## CHRISTENSEN NOMINEE OF FARMER-LABOR PARTY

### Germany Has Agreed to the Allied Conditions

#### RADICALS CHOOSE ATTORNEY TO BEAR STANDARD; DEBS GETS GOOD VOTE

Forty-Eighters Refused to Affili-  
ate and Hold Own  
Convention.

CARRIE CHAPMAN CATT  
DEFEATED FOR VICE

All Night Session Was Held,  
Nominations Being Made  
at 4 O'clock.

(International News Service)  
CHICAGO, July 15.—Torn with dis-  
sent and stripped of considerable  
of its strength through desertions, the  
Farmer-Labor party succeeded in  
launching a national ticket here early  
this morning after a stormy all night  
convention which did not end until  
after 4 o'clock.

Parley Parker Christensen, a Salt  
Lake City attorney, was nominated  
for the presidency and Max Hayes,  
a Cleveland labor leader, was named  
as his running mate. Christensen is  
a former republican, a former pro-  
gressive and a former forty-eighter.  
The ticket was completed about  
daylight in what was practically a la-  
bor convention. Most of the mem-  
bers of the 48 delegation, who came  
so freely into a coalition on Tuesday,  
were absent from the convention hall  
during the all-night session. Most  
of the representatives of other affil-  
iated organizations were likewise  
missing.

A convention of the forty-eighters  
was called to meet at noon today to  
decide what is to be done about the  
situation. It is possible that the  
Forty-eighters will now name a na-  
tional ticket. Should they not, how-  
ever, they will probably organize  
several congressional campaigns.

Christensen's nomination was ac-  
complished on the second ballot, about  
3 o'clock this morning. He defeated  
Dudley Field Malone, former collec-  
tor of the port of New York. Eugene  
V. Debs, now in the Atlanta peni-  
tentiary, polled 68 votes. Henry Ford  
received 12 votes. Louis F. Post, as-  
sistant secretary of labor, got 1.7  
votes. Among the names presented  
for vice president were Henry Ford  
and Mrs. Carry Chapman Catt.

Parley Christensen, nominee of the  
Farmer-Labor party, announced to the  
convention: "If in any way you can  
get Senator La Follette for your  
candidate, I will not stand in your  
way."

After some two hours of debate,  
the convention appointed a committee  
of 15 to submit to the convention this  
afternoon a plan for the future of the  
Committee of 48.

#### CONVENTION NOISY

(International News Service)  
CHICAGO, July 15.—The Commit-  
tee of 48 today struggled to tear it-  
self apart from the Farmer-Labor  
party. There was considerable senti-  
ment in the convention that the Com-  
mittee of 48 reestablish itself as a  
separate party. It looked when the  
convention got under way that order  
could not be restored.

#### LAREDO ATTACKED BY REBEL TROOPS

(International News Service)  
SAN ANTONIO, July 15.—Ricardo  
Gonzales, at the head of a force of  
more than 900 rebels, began an at-  
tack on Nuevo Laredo, opposite La-  
redo, Texas, at 8 o'clock this morn-  
ing. The besieged town is being de-  
fended by a force of about 300 loyal  
Huerta troops.

Gonzales's forces were combined at  
6 o'clock this morning with 100 mili-  
tary units under the command of Gen.  
Carza. Customs guards on the Mexican  
side revolted and joined the revolu-  
tion.

#### STEAMER IS SEIZED, TROXELL JAILED AND SUIT RUMORS FLY

Raid on Excursion Boat by Local and State Of-  
ficers Nets Nearly Pint of Whiskey and Barrel  
of Near-Beer. Negroes Disappointed When  
Steamer is Tied Up at Wharf.

With J. Luther Troxell, owner, in the county jail and rumors of suits  
flying thick and fast, the steamer Luther Troxell early today was the storm  
center of a legal whirlwind which began blowing last night following a raid  
on the steamer by Sheriff May and Deputy McGuthrie, of the Morgan County  
sheriff's organization and Officers Boswell, Crow and Phillips, of the state  
law enforcement department.

The time of the raid, made after  
the return of the steamer from its  
regular excursion, varied in the  
opinion of Sheriff May, who estimat-  
ed it at about 12 o'clock and a boat  
attache who said it was after mid-  
night. It was stated the detectives  
made the trip on the boat last night.

Sheriff May today told The Daily  
he seized approximately two thirds of  
a pint of whiskey and a barrel of  
near beer. The whiskey, he said, was  
divided into three bottles which he  
said he found in various rooms aboard  
the steamer. The near beer, he said,  
was found in the vicinity of the re-  
freshment stand. All of the pro-  
hibited liquors, the sheriff said, were  
found aboard the boat and none  
aboard the barge which the steamer  
tows.

Under the Alabama prohibition act,  
the Sheriff took charge of the steam-  
er and the boat remained tied to  
the wharf, while hundreds of  
negroes milled back and forth on the  
bank disappointed at not being able  
to take their anticipated excursion.  
Dressed in their Sunday best and  
carrying their well filled lunch bas-  
kets, the negroes stood about in  
groups of four and five and discuss-  
ed their chances of getting away. In  
the meantime the orchestra, which  
had been engaged for the occasion,  
jazzed their instruments on the  
barge. A few bold spirits, hoping  
for a seat and advantage point should  
the boat finally leave, went on board,  
but the majority awaited more de-  
finite information from their stations  
on the bank. Sheriff May declared  
the boat would not leave.

Troxell in Jail  
Mr. Troxell told The Daily today  
that he refused to ask any of his  
friends to sign his bond last night.  
He declared he had left the boat and  
gone to his room when the raid  
occurred. Aroused by the officers, Mr.  
Troxell declared, he told them he  
"had never asked a friend to sign a  
note and certainly wasn't going to  
ask them to sign his bond."

Melvin Hutson, well known local  
attorney, had been retained this  
morning and it was rumored that other  
counsel will be employed by Troxell  
and that a big damage suit will  
be filed against Sheriff May's bondsmen,  
for damages. It is rumored the  
amount will be in the neighborhood  
of \$25,000.

Mr. Troxell, when seen in his cell  
this morning, appeared to be little  
worried over the raid, but expressed  
regret that it had been made.

"I gave positive orders to my crew  
not to bring aboard any intoxicants,"  
he said. "Now what I do, go all  
over my steamer every five minutes  
and inspect the state rooms to see  
whether or not anyone had brought  
aboard a drink." He denied having  
any knowledge that intoxicating li-  
quor was aboard the steamer and in-  
timated strongly that he would file  
suit against the bondsmen of Sheriff  
May for damages to his excursion  
business resulting from the tie-up.

Mr. Hutson, defendant's counsel,  
stated later that not only did Mr.  
Troxell have no knowledge of the  
whiskey being aboard, but that he  
had sold no near beer in this county  
since he was informed that it "was  
not being done" here.

The attorney said the near beer  
seized was the kind sold in the  
other counties of the state, but that  
it was not being done here.

#### RESOLUTE LEADS IN YACHT RACE; AMERICAN BOAT SHOWING SPEED

Challenger Got Away to Worst  
Start in History of  
Event.

MANY WHISTLES BLOW  
FOR THE GET-AWAY

First International Event Held  
in the Past Seventeen  
Years.

ABOARD U. S. GOLDSBORO, off  
Sandy Hook, via wireless to New  
York, July 15.—With the first of  
their series of races for America's  
cup nearly a third over, Resolute  
was leading Shamrock IV, Sir Thomas  
Lipton's challenger, by a wide mar-  
gin. Later Resolute, America's cup  
defender withdrew from the first of  
the races after an accident had ren-  
dered her practically helpless.

The accident to Resolute occurred  
just before reaching the outer mark.  
Her throat-halyard parted and the  
jaws of the gaff came down without  
warning. It was believed the Reso-  
lute was a sure winner when the ac-  
cident occurred.

(International News Service)  
ABOARD THE U. S. GOLDS-  
BORO, July 15.—Amidst a shrieking  
of steamer whistles, Shamrock IV and  
Resolute were off here at 11:03, eastern  
standard time, in the first inter-  
national cup race to be held in Amer-  
ican waters in seventeen years.

Shamrock was first over the line  
at the starting signal and had to re-  
turn and re-cross it, Capt. Burton of  
the Shamrock, making a bad mess of  
the start. The Resolute slipped over  
in first place. Shamrock re-crossed  
the line 40 seconds after the Resolute  
got away and immediately took after  
the American boat, which was 200  
yards away. The start of the Sham-  
rock was the worst ever made by a  
Lipton boat. In spite of the amend-  
ed navigation rules, the waters  
around the Ambrose Light ship were  
crowded with vessels. Big ocean  
going steamers, laden with sight-  
seers, rolled in the long swell. A  
fleet of large power craft nosed in  
between their bigger brethren.

At 11:05 Shamrock, unable to catch  
Resolute, broke away and headed in  
shore. Resolute followed at once  
and began to outpoint the green boat.  
At 11:10 a rain squall drenched both  
yachts and nearly killed the breeze.  
At 12:05 both yachts were standing  
off shore on starboard tack, with  
Resolute more than half a mile in the  
lead.

At 12:15 the wind twisted to the  
westward. The Resolute was still  
leading by half a mile. At 12:35  
Resolute was leading by 3-8 of a mile.

#### NEGROES STAGE A FIGHT, SHOOTING SCRAPE, ESCAPE

Albany and Decatur police this af-  
ternoon took up the chase of two ne-  
groes said to have exchanged ten  
shots in a sensational shooting affray  
on lower Bank street shortly after  
noon. Preceding the fight, it is said,  
a visiting negro known as "Gyp"  
seriously cut a local negro named  
Julius Daley during a fight at the  
lake late this morning.

Returning to Decatur, "Gyp" is said  
to have fired six shots at another ne-  
gro, so far unidentified, and then ran  
up the steps leading to the office  
above the negro moving picture show  
on Bank street. The negro at whom  
he had been shooting is said to have  
then fired four shots at "Gyp" after  
which both fled, one making for the  
river and the other coming toward Al-  
bany.

#### LEGION WITHDRAWS ITS INVITATION TO HARDING

Republican Nominee "Insults" Former Service  
Men at St. Louis.

(International News Service)  
ST. LOUIS, July 15.—Announ-  
cement was made today that the me-  
morial committee of the American Le-  
gion will wire Senator Harding, re-  
publican presidential nominee, that  
the invitation to speak at the ded-  
ication of a soldier's memorial park  
here July 25 has been rescinded.

The committee decided upon this ac-  
tion at a stormy session as the result  
of what is termed "an affront to the  
American Legion" by Senator Hard-  
ing. Both Harding and Governor  
Cox were invited to speak at the ded-  
ication ceremony. Senator Harding  
declined the invitation because of in-  
ability to be present on July 15. The  
committee then changed the date to  
July 25, in order to meet Senator  
Harding's case and a telegram was re-  
ceived from Senator Harding accept-  
ing the invitation to speak on that  
date.

"The committee was surprised and  
incensed this morning," when another  
telegram was received from the Ohio  
senator stating that he would be un-  
able to be present on the 25th but  
that "I am going to cling to the hope  
that I may find opportunity to  
speak."

George M. Haag, a member of the  
committee, then suggested that Sen-  
ator Harding be notified that his ser-  
vices would not be needed and he  
"could stop clinging to the hope of  
speaking."

Major May expects to spend the  
entire day here and all ex-soldiers  
entitled to the medals were urged to  
take advantage of the opportunity to  
obtain approval of their claims.

#### MUCH ACREAGE IS SOLD AT AUCTION

LARGE CROWD ATTENDS THE  
LAND SALE AT GARTH  
HEIGHTS

A large part of the Garth planta-  
tion was sold yesterday when the auc-  
tion land sale was held under the di-  
rection of Penney and Whitman and  
Otto Moebes, local realty dealers.  
The sale was held by Col. Davis, of  
Fayetteville, Tenn. The highest price  
paid was \$320 per acre for a tract  
nearest the Danville road and Moul-  
ton street. The spring tract, con-  
taining Garth Springs, bought by  
Davis Hodges, brought \$117.50.

During the day the scene of the  
auction was visited by thousands of  
people. At noon a free barbecue was  
served on the grounds. Music was  
furnished by the Boys' Industrial  
band of Birmingham.

The Garth plantation, the sub-di-  
vision of which created Garth Heights  
and Garth Meadows, was one of the  
most fertile farms in North Alabama.  
The proximity of the Heights to the  
business districts of the Twin Cities  
is expected to make it an attractive  
residential section.

It was announced today by the pro-  
motors that the sales yesterday to-  
talled about \$65,000. For lack of  
time, a portion of the plantation re-  
mained unsold and will be disposed  
of privately. Included in this are  
some especially desirable tracts near  
Austinville and Moulton Heights.

Among the purchasers of desirable  
tracts were Hughes & Tidwell, who  
bought the old home place at a price  
of about \$220 per acre; J. J. Pat-  
terson, Davis & Norton, C. E. Malone,  
Fred and Tucker Speake and Mr. Mc-  
Rae. The highest price per acre paid  
was near \$300, while some of the  
land sold for as low as \$125 per  
acre.

"The sale was a success," was the  
statement today of Otto Moebes. "We  
are well pleased with the result, and  
believe that all the purchasers got  
good bargains."

The Albany-Decatur interests of the  
Princess Amusement Company, which  
operates the Princess, Masonic, Delite  
and Star theatres, have been pur-  
chased by Mr. and Mrs. H. B. Cagle  
and D. M. Pixley, it was announced  
today. The playhouses will be un-  
der the management of Mr. and Mrs.  
Cagle, as Mr. Pixley is interested in  
the development of oil properties in  
Kentucky and will spend but little of  
his time here.

ULTIMATUM WAS  
READY TO PRESENT

Reported From Essen That Min-  
ers Have Refused to Dig  
For Entente.

(International News Service)  
BERLIN, July 15.—German coal  
miners in the Ruhr district have sent  
an ultimatum to Spa refusing to  
abide by the terms if the German  
government signs the allied protocol,  
said a report from Essen.

(International News Service)  
SPA, July 15.—Germany has ac-  
cepted the terms of the allied coal  
protocol calling for the delivery of  
2,000,000 tons of coal monthly by the  
Germans, on certain conditions.

The proposal was handed to Pre-  
mier Lloyd George today and guar-  
anteed the delivery of 12,000,000 tons  
of coal within six months if the allies  
provide additional food for the Ger-  
man coal miners and pay higher  
prices for German coal than was at  
first stipulated.

Dr. Von Simons, the German sec-  
retary, denied that any ultimatum was  
presented to the Germans by the al-  
lies, but it is well understood that  
the allies prepared the draft of an  
ultimatum. The Germans proposed  
that at the end of six months the  
reparations commission shall deter-  
mine whether Germany is to continue  
delivering 2,000,000 tons of coal  
monthly.

#### WAR MATERIAL DESTROYED

(International News Service)  
GENEVA, July 15.—Destruction of  
German military war material, in ac-  
cordance with the terms of the  
treaty of Versailles, has begun, ac-  
cording to advices received here to-  
day. The work is being carried out  
under the supervision of allied army  
officers.

#### ARMY WAS READY

(International News Service)  
SPA, July 15.—With reports cur-  
rent that the Germans had decided to  
accept the allied coal protocol, call-  
ing for the delivery of 2,000,000 tons  
of coal monthly, the German states-  
men were scheduled to meet the allies  
just before noon today.

"The French army is ready to ad-  
vance into Germany on three hours'  
notice," declared Gen. Goutet.

#### PREMIERS CONFERENCE

(International News Service)  
SPA, July 15.—The allied premiers  
held a four hour conference during  
the morning to complete the details  
of the coal protocol. Reports were  
current before the meeting that the  
Germans had decided to accept the  
allied conditions.

#### RUSSIANS GRANT POLES ARMISTICE

(International News Service)  
SPA, July 15.—The Russian soviet  
has accepted the conditions of the al-  
lies for an armistice with the Poles,  
it was authoritatively reported this  
afternoon. However, no official com-  
ment upon the details of the Russian  
reply was forthcoming.

## ALBANY SHOULD GET BAPTIST HOSPITAL

At the 1919 convention of the Alabama State Baptist association, which was held in Birmingham, it was decided that the Baptists of Alabama should build a hospital. This move was taken after careful thought and study, which resulted in the finding that the State of Alabama was badly in need of another large hospital, and the Baptists were quick to realize that something must be done. At the convention referred to, a commission was appointed to investigate and select a desirable location for a hospital which would be built by the Baptists of Alabama. The building of this hospital was to be taken care of out of the seventy-five million dollars recently raised by them. Of course, they would accept a donation from the community in which the hospital would be built.

We are advised that it was the sentiment of the convention that this hospital be located where it would do the greatest good to the greatest number. It may be true that other cities offered a more flattering financial inducement than did Albany, but the financial question was not the only one considered by the convention, and we hope it will not be the only one considered by the commission.

This hospital, as we understand, is to be conducted as an interdenominational institution, but taking it for granted that it is to be conducted only for Baptists, then it is still up to the Baptists to locate it where it will serve the greatest number of people. North Alabama contains more than one third of the population of Alabama and has always been denied institutions, but it has always gone "over the top" before any other section when it came to raising money to support the other institutions that are located south of Birmingham. Taking all these facts into consideration, can the hospital commission or the Baptist people as a whole place the hospital where it is needed more than in North Alabama? And, as Albany has put before the commission facts and figures that without a doubt prove that Albany is the logical location in North Alabama, can the commission do anything but give these facts all consideration they deserve? If the commission does this, then the hospital will be located in Albany, where it will do the greatest good to the greatest number.

The third party platform was unquestionably "made in Russia."

The Chicago Board of Trade, after three years of war restrictions, today resumes its gambling in wheat. The public will probably pay the freight, as usual.

Carl Wanderer, war hero, who murdered his wife and a man whom he had hired to help him conceal the crime, overlooked the fact that army pistols are numbered. The cleverest criminal always pulls some such "bone". It had as well be taken for granted that "murder will out".

Samuel Gompers says that the democratic is the best platform. And Mr. Gompers knows.

Somebody has discovered that no United States senator has ever been chosen president. And everybody knows that this is no year to set a precedent.

Harding and Debs are thoroughly agreed that "swinging around the circle" is no way to conduct a presidential campaign.

### GOOD CROWD

"That was one more big crowd at the land auction sale," said T. A. Caddell. "The rain cloud shortly afternoon caused some to hurry back to town, but it seemed that as fast as one car load left, another arrived. I am glad the promoters of the sale had the success they did, for they deserved it."

### DEATH GREAT SHOCK

"News of Charley Ferguson's death came as a great shock to his friends here," said Mayor James A. Nelson. "Few men have ever served the public as faithfully as he did. He was one of the most popular railroad men on the entire Louisville and Nashville division."

### COMMUNITY ASSET

"The new golf and country club will be distinct asset to the community," said Joseph Woods. "Not only will it provide an ideal place for recreation of our own citizens, but it will provide a place for the entertainment of visitors. Others cities have their golf and country clubs now, it is high time we had ours."

### GREAT REUNION

"We expect a great reunion here August 4-5, when the Ancient and Accepted Scottish Rites Masons meet," said D. A. Burleson. "The local Scottish Rites Masons are preparing for the entertainment of the many visitors and the 150 candidates who will receive degrees."

## Large Crowds Hearing Evangelist Oliver L. Denslow

"The home of the saved is not some visionary thing but a reality where the redeemed will have a real physical existence with real homes and a pleasant occupation. It is to be Eden restored with the Edenic conditions as they were in the days of creation," declared Evangelist O. L. Denslow last night at his big gospel tent. The subject was, Heaven, Is it a real Place? There was the usual good attendance and all gave the best of attention throughout showing a deep interest in this ever interesting subject. At the close of the discourse many were heard to express their sincere appreciation of the study as it had given them a new view of the home of the saved. A special feature of the evening was the beautiful rendering of "The Wayside Cross" sung as a trio by Mr. and Mrs. Mitchell and Mrs. Denslow.

Continuing Mr. Denslow said, "In

the great plan of God this world was made to be inhabited by good people only, but today as a result of the transgression of Adam it is filled with sin and many come far short of what God intended.

Christ came into this world to seek and to save that which was lost. He offered his life as the purchase price for the world which had been obtained from Adam by fraud. Satan accepted the offer. He took the life of the Son of God, and the day is coming when Christ will demand that he deliver the goods. Then, as taught in 2 Pet. 3:7-14 this old world will be purified by the fires of the last days but, "Nevertheless, we according to his promise look for a new heaven and a new earth, wherein dwelleth righteousness." In Isa. 65:17-25 we find a picture of conditions on the earth made new which is surely the old Edenic conditions, restored with every trace of sin gone. This is the place referred to by our Lord in his sermon on the Mount. "Blessed" he said, "are the meek for they shall inherit the earth." Not this old world cursed with sin but a beautiful new world promised to Abraham and all the faithful. That we may reach that land, God has promised to open our graves and bring us up out of our graves and to place us in our own land. Eze. 37:13, 14.

The subject as announced for tonight is, "We would see Jesus."

(International News Service.) NEW YORK, July 14.—Yellow fever experiments conducted at Guayaquil, Ecuador, by the Rockefeller Institute for Medical research have rid that notorious seed-bed of the disease for the past thirteen months. Guayaquil had not been free of the menace since 1842.

The technique developed in handling the scourge in Ecuador will be of world-wide benefit in reducing mortality. Dr. Hideyo Noguchi, institute bacteriologist, conducted the research at Guayaquil.

WHAT would you do—how would you use the money if you won the \$3,000.00 first prize in the Eveready \$10,000.00 Cash Prize Contest—or the \$1,000.00 second or one of three \$500.00 cash prizes?

Would it be an automobile—a home—a farm—a business? Check your choice. Determine to win the money in this great cash prize contest.

Then think of this! 104 people will surely get cash awards. 104 opportunities for you to win money to buy what you always wanted but never had enough money to get. Trying is easy—just an interesting study of a human-nature picture.

First see the Contest Picture in a dealer's window; then, get a free copy of the Contest Picture, Contest Blanks, Rules and information inside the dealer's store. Your answer will be judged by the editors of Life. Should two or more contestants submit the identical answer selected by the judges for any prize, the full amount of that prize will be paid to each.

No obligation—no delay—start now and win money for the thing you want. Contest ends Midnight, August 1, 1920.

## THE SONG OF THE RIVER

The memories of our rivers still Are with us—each was once a rill, Swift, foaming down some mountain's edge, And tumbling on from ledge to ledge.

Then large the greening river grew, And deeper yet, and yet more blue. Great towns it passed—and then began To carry out the schemes of man.

The white sailed ships pursued their course Along the river,—used its force. It floated lilies in past hours. But now it floated ships for flowers;

In countries many mighty and great, We aid man's tasks, we share man's state; Where were the glory of the Thames Without its steamers' iron stems? What were the grandeur of the Seine Unshadowed by the historic fane? Highly the Seine 'mid rivers ranks, For Notre Dame is on its banks.

—George Barlow.

## ATTEMPTS RAPE NEGRO GIRL IN CHURCH CHANCEL

A thorough search is being conducted this afternoon for a negro who is charged with attempting to rape a young negro girl, named Dora, in the chancel of the First Methodist church, Decatur, shortly after noon. She had been at work cleaning up the church with her mother, who had left the girl alone for a moment. Passersby heard her screams, but the assailant fled. His identity is said to be known, however, and his early capture is expected.

## Pass the Summer in Finest Health

Take a teaspoonful of Dr. Caldwell's Syrup Pepsin when tired, dull or constipated. Quick results!

WE cannot all spend the Summer in cool mountain resorts, and those who stay at home and sweeter through the hot days will find it necessary to be extra cautious about their health. Hot foods are easier to digest than cold, and even hot soup, though it overheats for the moment, is grateful to the system.

Above all, keep the bowels open; that in itself cools the blood and calms the nerves. But when the bowels are sluggish and show signs of constipation, take a teaspoonful of Dr. Caldwell's Syrup Pepsin and you will get quick relief. Syrup Pepsin is a combination of simple laxative herbs with pepsin which druggists have sold for a quarter of a century. It is the largest selling liquid laxative in the world.

Syrup Pepsin is the family doctor, the chief medicinal reliance of thousands of people in constipation and ills of the stomach, liver and bowels, in warding off colds, headaches, fevers and summer complaints. Mrs. R. B. Masters of 1424 Second Ave., Birmingham, Ala., has used it in her family for twelve summers, and she never misses an opportunity of telling her friends how healthy Syrup Pepsin has kept them. It has many uses these summer days.

**FREE** Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington St., Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

Why We Use  
Refinite Soft Water  
Reason No. 3.

## LESS LAUNDRY WEAR AND TEAR

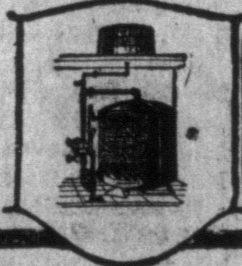

Right laundering takes the perspiration and dirt from clothes without damage to color or cloth. Right laundering is soft water laundering.

The water we use is softened by passing through a bed of Refinite, Nature's water softening mineral. It is softer than falling rain—clear, sparkling, velvety soft.

Clothes we launder are cleansed with far less washing. They are free from that hard water soap curd, which stiffens, discolors and weakens fabric. They last longer and retain their good looks.

Let us show you how beneficial Refinite soft water is to your shirts and linens.

## Steamer Seized; Troxell Jailed

(Continued from Page 1.)

when Mr. Troxell was told it was not being sold in Morgan, he refused to handle it in his refreshment stand in this county, although it was sold at Bridgeport.

### Big Sum Involved

Should the officers carry forward their fight to confiscate and sell the steamer and the defense file a damage suit on the sheriff's bond, a large sum would be involved. The less than one pint of whiskey and one barrel of near beer would involve no less than \$56,000, which is considered a high price even in these prohibition days. The steamer Troxell is valued at \$31,000 and has a passenger accommodation of 600. It was recently placed in river service by Mr. Troxell for regular trips between here, Bridgeport and other points. Beginning on July 3, the steamer has been used also for excursion trips up and down the river handling both white and negro passengers at different times. The excursion last night which preceded the raid, was for white people and the negro excursion was scheduled for today.

Rumor today declared the amount to be sued for by Troxell will be in the neighborhood of \$25,000. At a late hour, today, however, no suit had been filed.

## Somerville News

Postmaster C. P. Johnston, Wilbur Wade and Walter Henderson went to Albany Tuesday on business.

Clyde Sharp and Ernest Weinman of Hartselle, were in our town Monday.

Mrs. A. H. Pence has returned from Birmingham, where she underwent an operation.

Henry Collins' baby is seriously ill.

Miss Eleanor Weinman returned home Sunday, after spending a week as the guest of Madge Henderson.

There will be a basket picnic at Cave Spring Saturday, July 17. Everybody invited.

Misses Madge Henderson, Eleanor Weinman and Eliza McCarey were the overnight guests of Lurline Wade last Friday.

The rain of last Saturday interfered very much with a crowd of people of our section, attending the singing convention at Austinville.

### CARD OF THANKS

## CHAS. FERGUSON'S BODY TAKEN HOME

DIED VERY SUDDENLY IN HOTEL  
AT RED BOILING SPRINGS,  
TENN.

The body of Charles Ferguson, well known Louisville and Nashville passenger conductor, who died suddenly at Red Boiling Springs, Tenn., Tuesday night, was brought here last night by Preult Stinson and later was taken to Birmingham, where Mr. Ferguson's family resides.

Mr. Ferguson's death was entirely unexpected declared Mr. Stinson, who was in Red Boiling at the time. Mr. Stinson said he met Mr. Ferguson shortly after noon Tuesday and they went down to the spring together and he introduced Mr. Charles Ferguson to a number of friends. He complained of feeling ill and when Mr. Stinson left to fill an engagement, Mr. Ferguson went to his room. When he did not reappear for supper, Mr. Stinson and his cousin, Frank Stinson, of Cullman, went to Mr. Ferguson's room to inquire about him. They found him sitting on the side of the bed and Mr. Ferguson declared he was unable to walk, experiencing a strange sensation near his heart.

A doctor was summoned and after a thorough examination said he could find nothing serious. The physician left some medicine and said he thought Mr. Ferguson would be all right shortly. Frank Stinson offered to remain with him, but after an hour or so, Mr. Ferguson felt so much better, he insisted Mr. Stinson go to the dance being given by the hotel. Before leaving, Mr. Stinson told Mr. Ferguson he would come back in a short time and remain with him over night.

Soon after reaching the dance, however, Mr. Stinson had a premonition that something was amiss and went back to Mr. Ferguson's room and found him dead.

### AGED COUPLE KILLED

BY ENRAGED HEIFER

COUNCIL BLUFFS, Ia., July 15.—Trying to take a young calf from its mother resulted in the death of Mr. and Mrs. Andrew Liddell, wealthy pioneer farmers of Treynor, Iowa, near here.

The aged couple, both of whom were more than eighty years old, were so badly gored by the enraged cow that they died before a physician could be summoned.

### GOLF BALL KILLS CADDIE AFTER 200-YARD FLIGHT

UTICA, July 15.—Joseph Casey, twelve, was instantly killed on the links of the Yahnundasis Golf Club when he was struck by a golf ball driven from a point 200 yards away by Frank C. Shippy, of Utica. The boy was a caddie at the club.

### Iceberg Acrobat.

The sighting of a fleet of 14 icebergs, one with somersaulting tendencies, was reported by Capt. W. H. Fleming recently on the arrival here of the steamship *Munafres* from Rotterdam.

The bergs were seen about 750 miles east of Halifax. One of them, said Capt. Fleming, suddenly rolled over with a splash. As it tumbled, a large piece from the top was broken off, causing the berg to make a second tumble. As it was righting, another section broke off, and for the third time the berg turned over. It was about a mile astern of the vessel.—New York World.

### A Good Catch.

It is impossible to repress a feeling of satisfaction over the feat of the Atlantic City game warden, who apprehended the owner of a seaplane guilty of shooting wild geese in the air. The law against this sort of "sport" is strict, and the penalty provided for offenders is ample. And, as bird shooting from the air is on a plane with the use of dynamite and aines in closed waters, the more rigidly the statute is enforced the better. Any leniency would be disastrous to the bird life of the country and calamitous to the United States.—Detroit Free Press.

### No Way for Ladies to Act.

Scene, a crowded restaurant; dramatic personae, the proprietor, sleek, prosperous, pompous; a doorman—a dejected attendant, rolling anxious, furtive eyes in every direction to find out whether a customer had slipped without cashing in his meal check properly. For a few moments, however, attendant relaxes, heavy eyes almost close and vigilance slates.

On this peaceful lassitude falls the voice of the proprietor. "Here, you, get on your job. Didn't you notice them two ladies over there beating it out without paying their bill?"—Reheboth Sunday-Herald.

### On Trial.

Customer—I'm mighty particular about how my hair is cut. Do you think you can do a good job on it? Barber—Well, I'm reckoned fairly decent, but if you want I'll do one side of your head first so you can see how you look.—American Legion Weekly.

### Acquiring Sense.

"I'm teaching my boy to paddle his own canoe."  
"And a good idea, too. Then he won't be so apt to rock the boat."

## TENNESSEE WILL ACT ON SUFFRAGE

GOVERNOR ROBERTS TO CALL  
EXTRA SESSION OF SOLONS  
ON AUGUST 9

(International News Service)  
NASHVILLE, July 15.—It is now up to Tennessee to make a "perfect 36" in the ranks of states ratifying the suffrage amendment. Now that Governor Clement, of Vermont, has refused to call a special session of the legislature of that state to ratify Mrs. Carrie Chapman Catt, president of the American National Women's Suffrage Association, will arrive here Saturday night to take charge of the suffrage forces in Tennessee. The legislature will be called into extra session August 9 by Governor Roberts.

## Mrs. Womack Called by the Master

A death that has caused much sorrow among her many friends was that of Mrs. Stella Womack, who passed away at the Benevolent Hospital on Saturday afternoon, July 10, 1920, at 5:30 o'clock, after an illness of five years.

Mrs. Womack was a loyal member of the Baptist Church, having been converted at the age of twelve years. She was an active member until she became afflicted five years ago. During her illness, she never complained, but when questioned, would always reply that it was the Lord's will and she must not complain.

Funeral services were conducted from her late residence at 615-5th, Avenue, West, Sunday at noon, by Dr. Wilks of the Central Baptist Church. The remains were conveyed to Birmingham, where interment was made at the Family Cemetery at Woodlawn.

Deceased is survived by the following relatives:

An aged mother, Mrs. Fannie Truss, one son, John F. Brothers, one daughter, Miss Hazel Brothers, all of this city, two brothers, Messrs. Enos and Jack Truss of Birmingham, and a host of other friends and relatives.

The following friends accompanied the bereaved family to Birmingham, returning Sunday night:

Miss Lillie Solomon, Messrs. Charles Lamson, J. A. Carter, M. L. Carter, Roy Ponder, Henry Guschke and William Dillehay.

## NEVER HEARS THE ALARM CLOCK NOW

His sleep is sound and refreshing since taking Drego, the great root and herb tonic.

"I was terribly rundown and in a low nervous state; could not sleep; had no appetite, and could smell my own foul breath," declared Mr. Richard Salter of 207 St. Louis Street, Mobile, Ala.

"My liver was sluggish and I often had giddy spells; bad taste in my mouth; coated tongue and spots floating before my eyes. My kidneys were weak and I had dull, aching pains in my back. After each meal my stomach would begin to swell up with sour gas, and feel like it would burst. Seemed like I was full of fire sometimes."

"I dreaded for night to come, because I could not sleep, but would roll and toss from one side of the bed to the other, and when morning came I would be more worn out and tired than when I went to bed the night before."

"Drego has stopped all that though. Even the alarm clock fails to awaken me now, I'm sleeping so sound. The constipation is entirely relieved; nervousness gone, and my liver is acting like a piece of well-oiled machinery. I can't say enough in praise of this great remedy, Drego."

All druggists now sell Drego and it is being especially introduced in Albany by Albany Drug Co.; in Decatur by Hilda Drug Co.

## Tire Treads Improved 25%

The latest Miller triumph is a super-grade tread. It excels the best rival treads today by an average of 25 per cent. This has been proved, under careful watch, by many road comparisons.

The Miller Tire mileage is the talk of the day. But these new-grade treads outwear the balance of the tire.

Not one Miller Tire, built with this new tread, has ever come back with the tread gone.

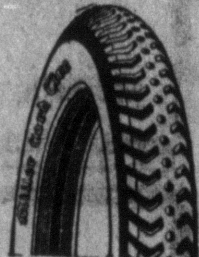

These treads do not vary. Every day the Miller tread stock is vulcanized and tested in the laboratory. It must prove up to these new standards before a tread is made.

Miller Cord Tires, in the factory tests, now average 15,000 miles. Miller Fabrics from 8,000 to 9,000 miles. And these factory tests are extreme.

Watch your mileage on one Miller Tire. Compare it with any other and it will win you. You owe that to yourself in view of Miller records.

## There is Only One STUTZ Car

We are proud of the STUTZ. It is a thoroughbred, born and reared on the race courses of America. It never shuns a brush with the best.

In the field of motordom, the name STUTZ spells leadership. Back of STUTZ leadership stands an immense institution.

This institution is the builder of but one product—the STUTZ car—and is devoting all of its skill, all of its energy and resources, to the manufacture of that car. Only the STUTZ car, manufactured by the Stutz Motor Car Co. of America, can measure up the reputation of the STUTZ institution.

Stutz reputation is the accumulation of years of experience on the race track, of immense manufacturing facilities, of thousands of miles of performance in the hands of owners.

We are proud of the STUTZ reputation on the race track, but STUTZ racing successes were instrumental only in perfecting the design.

The STUTZ car itself is the real achievement into which is built the prestige of mechanical perfection, of user satisfaction, of unusual dignity and class.

Without its many trials in racing, without its efficient manufacturing organization, without the big capable institution behind it, there could be no STUTZ car.

The STUTZ car is a combination of all these things—impossible of duplication in a day, a month or a year, but only after years of experimenting, years of careful preparation, years of actually "making good."

## CHEMIST'S SCALES BIG ENOUGH TO WEIGH MILADY'S FROCK TODAY

(International News Service) LONDON, July 15.—Bring out your chemist's scales, my dear, pile on your latest frock, hat and unmentionables, and let's see whether you are really well dressed.

The Ascot races set the pace. Delicately adjusted chemist's scales alone will register with precision and exactness the true degree of your progress in the race to keep pace with dame fashion.

It isn't many months since a scientifically keen but fashionably dull scientist averred in print and emphatically that folks aren't wearing enough clothes. He proposed a butcher's scale test. To keep properly warm and healthy—he didn't mention style—one must wear a pound of clothes for every "stone"—or fourteen pounds—of one's weight.

London discussed him seriously. Until the season of the society races of the year, those at Ascot arrived.

And now, one gathers, the original "stone of weight" measure of clothes may still prevail, but the proportion, perhaps, is less than one ounce of clothing for each fourteen pounds on the hoof.

Fortunately Ascot week was a warm week. And there was only one mild shower.

Fortunately, because: "More dressing and less clothing than ever," was the verdict of a

witty dowager. They seem to be clad in a few ounces of lace.

A bright idea ounces. Investigations were made with above-mentioned, delicately adjusted scale.

Actual laboratory experiments proved that one "white charmeuse" dress, veiled with a drapery of blood lace" weighed eight ounces. It cost 38 pounds, or \$160.

A tulle cloak worn with the dress weighed three ounces; an amethyst and silver clasp for the coat 1 1/2 ounces; white tulle hat with large gauze rose trimming 2 ounces; silken undergarments 4 1/2 ounces; white brocade shoes and silk stockings 10 3/4 ounces.

Add them yourself.

Grand total 29 1/2 ounces. Yes, you'll say that was a stunt, an exception. So did the scientific investigators. So they investigated further.

Another outfit, of which a black charmeuse gown with paniers was the chief visible token, weighed in at only 28 ounces, the gown itself being one-quarter of the total.

Still another Ascot costume was built around "a dress of pale blue embroidered voile which weighed itself only 5 ounces. The miss who inhabited it was so forgetful of the "style by weight" test that she wore buckskin shoes weighing 12 ounces. But even then she followed the ponics, carrying only a 30 ounces han-

dicap in the clothing line.

And still one might believe, the "ounce test" merely somebody's jest. But the dauntless experimenters adjusted their scales, and examiner a "heavy" outfit.

A dress of yellow net stitched with beads weighed, "thanks to its beads," all of 12 ounces. A hat of lace straw set the wearer back 2 1/2 ounces; a cloak of yellow taffeta meant a handicap of 20 ounces; corsets were worn in this case, we are told, and they scored 8 ounces and satin shoes were 3 ounces. This heavy outfit ran to an impressive total of 59 ounces.

Gloves, sunshades and bead chains, it was found, were usually heavier than the clothing worn.

Did mere man do his betting under these rules? Hardly.

All week long they cast envious eyes at the icy comfort of their women folk, and sweltered in black morning coats of material about as thick as felt, faced with heavy braid, the extremities being clad, respectively, in dark, gray striped trousers and a top hat. Since the King and Queen were present the toppers were likewise of a heat-absorbing black.

## WINDSOR RACES TO OPEN TODAY

SPORT OF KINGS IS REVIVED ON ONTARIO TRACKS—CROWD ANTICIPATES

(International News Service) WINDSOR, July 14. — Familiar faces, absent from the racetracks of Canada, since the opening of the war in 1914, will be seen again today with their accustomed pomp and ceremony when the Windsor course will be opened, beginning a fourteen days' revival of the sport of kings on the Windsor and Kenilworth tracks.

Estrangement from the racing institutions of Canada have not altered the enthusiasm of the greatest horsemen of the United States, and many of the old timers, some with newer and richer stables, are here to try for the big purses and stakes.

The Windsor Jockey Club meeting will last seven days, and when all the melons here are cut and tape sounded the Kenilworth course will play to the lovers of the sport for a like length of time.

Both courses have been beautified and all stables at the tracks are filled with the best of Canadian and American horseflesh.

There will be new as well as old faces in the struggle for the rich purses, stakes and handicaps. Time brings changes in the elite circles of the turf just as it does in other branches of sport; they stay awhile on the horizon, flash and pass out. Some linger for years, guided by the fortunes of this quest, even in the turmoil of the turf, a world of its own almost.

Veteran campaigners on the turf who are here to display the silks of their stables follow: John W. Schorr, wealthy Memphis brewer; Robert L. Baker, Tom P. Hayes, Ed. Moore, J. "Rome" Respass, Joseph Seagram, George M. Hendrix, Harry Giddings, Dymont, Eddie Glasco, E. R. Thomas, Houseman, Dave Boyle, A. L. Kirby, Gallagher Bros., D. W. Scott and Moss Goldblatt.

Among the horsemen less familiar here are R. J. Brannan, Dr. J. H. Baker, W. R. Orr, Johnny Dundee, the lightweight championship contender, who has entered War Mask in the Frontier Handicap; C. M. Garrison, S. C. Hildreth, Frank J. Kelley, Willie Sharpe, Kilmer, J. W. McLeland, E. B. McLean, W. F. Polson, J. K. L. Ross, Fred St. John, W. O. Stoner, G. H. Keene, W. D. Schofield, Henry S. Koppin, G. L. Blackford, W. J. Stokes, Jake Holtman, A. F. Dayton, R. F. Garmen, J. G. Bussey, J. E. Griffith, F. P. Bobie and N. K. Beal.

### STOLE KNOWLEDGE: STUDENT FINED \$10

(International News Service) NEW YORK, July 12.—A magistrate decided recently to fine Benjamin S. Brines the sum of \$10 and let it go at that. Benjamin is no plagiarist, but he lifted whole volumes from the New York Public Library.

By day Benjamin, who is only twenty, is a machinist, and by night a student at New York University. He told the court how, as it seemed to him, learning is the highroad to wealth, and with wealth he could do many fine things for his mother and sister. Then, in a manner of which Patrick Henry might have been proud, he added: "If it is a crime to steal knowledge, then I'll plead guilty."

The court thought it ever carefully. The librarian reported the missing tomes had been returned. "I'll alter the charge from larceny to disorderly conduct this time," said the court, "and that'll be \$10."

## Seven delicious, economical, ready-cooked meat meals

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
Roast Beef For 5-70c	Corned Beef Hash For 5-70c	Vienna Style Sausage For 5-60c	Sliced Dried Beef—Creamed For 4-30c	Potted Ham For 5-80c	Oven Baked Beans For 4-25c	Veal Loaf For 5-60c
In the large size can of Council Roast Beef there are five big helpings of tender, prime ready-cooked beef. Just heat the can in boiling water and you've the meat part of the dinner ready for the table—and the cost is 70c.	Tender, juicy, diced Council Corned Beef delicately pickled, with just enough fine boiled potatoes to give the hash body. Deliciously savored with choice vegetables and spices all cooked together—that's all that is in a can of Council Corned Beef Hash. It's a wonderful meat and there's not a meat dish more economical.	A large size can of Council Vienna Sausage is enough for a generous, delicious, beautiful meat meal for the family. Each sausage is a treat in itself—generously stuffed with tender, prime meat that's been smoked and cured to a mild sweetness.	A meat supper for 30c—only one glass jar of Council Sliced Dried Beef and a simple cream sauce are required. Each wafer slice of beef is tender and seasoned to perfection—and just figure the meat dish for supper for all the folks at a cost of 30c. There is economy for you!	Fine sugar cured ham, cooked right, then chopped and mixed with delicate seasoning that adds to that rich ham flavor. Serve on hot toast. For stuffed eggs or green peppers—or just plain sandwiches—you'll find this ham delicious.	A large can of oven baked beans costing just 25c, is a meal in itself, and note that the Council Beans are genuine oven baked—not steamed or boiled—each bean is, therefore, a meaty, delicate tender whole and digestible too. Council Baked Beans are at room cold as hot, either with or without tomato sauce.	Just imagine! Two whole pounds of veal at 60c, and Council Veal Loaf is choice, tender, young veal, finely chopped, with just enough pure wholesome cereal to give it body and seasoning to be deliciously appetizing. It is a dish the folks will love; yet it is remarkably cheap.

## WOMEN WILL CELEBRATE THE END OF THE SUFFRAGE FIGHT

Great Jubilation Will be Held in the Rotunda of Capitol in October.

(By Mildred Morris, International News Service Staff Correspondent. WASHINGTON, D. C., July 15.—A great jubilation to celebrate the successful culmination of woman's long battle for suffrage will be held in the rotunda of the Capitol in October in event that Tennessee or Vermont adds the final chapter to ratification within the next month.

Women throughout the world will join the women's organizations of the United States in making it an historic event. The celebration will be the occasion of presenting the nation with marble busts of Susan B. Anthony, Lucretia Mott and Elizabeth Cady Stanton, the three women who began the struggle for political freedom for their sex and died in it.

The busts have an interesting history. Collection of funds for them began thirty-four years ago. John Greenleaf Whittier, Longfellow and other noted men of the day were among the contributors. Finally enough was obtained to commission Adelaide Johnson, one of the best-known of the women sculptors, to make the busts. Miss Anthony herself raised \$1,000 toward the fund.

After her death, and when most of the members of the original committee organized to take charge of the fund had passed away, plans for completing the busts progressed but slowly. When the last member of the committee died, Ida Husted Harper, well-known suffrage leader, was bequeathed possession of the funds with power of attorney.

Recently Dr. Harper gave the National Woman's Party permission to take charge of the busts and present them to the government. The party is paying for their completion. The sculptor in her studio at Rome, Italy, is now adding the finishing touches to the busts, which were made from models begun during the lifetime of the three suffrage pioneers.

They are to be placed in the Capitol. At present only one among the countless bronze and marble statues there is in memory of a woman. Frances E. Willard, alone among her sex, is honored by a marble bust in Statuary Hall.

When the suffragists hold their jubilee it will not be the first time the rotunda of the Capitol has been the scene of impressive suffrage ceremonies.

Once the gold and purple colors of the militants bedecked its great marble posts and without protest. It was when Alice Paul's band chose the rotunda for their memorial tribute to beautiful young Inez Milholland, who gave her life for the "cause". They took possession of it and made it ready for their ceremonies without permission. Senators who came to protest remained as silent and touched spectators.

It will be the militants who will have charge of the jubilee ceremonies. They will go to the Capitol this time as honored guests of the Government.

### CLERGY IN TRANSYLVANIA GET ONLY \$8.64 A YEAR

(International News Service) NEW YORK, July 14.—Stating that that Lutheran ministers in Transylvania receive salaries of only \$8.64 year at present exchange rates and that a suit of clothes there costs six months' pay, Rev. Berthold Buckolia, special representative of the Lutheran churches in Transylvania appealed for aid to the executive committee of the National Lutheran Council.

Rev. Buckolia said the church in Transylvania is 800 years old, includes 250,000 parishioners and maintains 300 common schools, nine colleges, eighteen technical seminaries, fourteen orphan's homes and two hospitals. He said the church's financial condition was critical.

William Farnum, who opens at the Princess Theatre today in E. Lloyd Sheldon's romantic drama "The Adventurer," made his first stage success in roles of the type he now acts on the screen. As Don Cates de Bazan in "The Adventurer" Mr. Farnum is certain of success. While his art has enabled him to portray with success all types, it will be recalled that in the famous "Ben Hur" and "The Prince of India" he scored notable stage successes before he deserted the spoken for the silent drama.

It will be a treat indeed to see this famous screen star as a happy, rollicking hero in "The Adventurer."

**DARE DEVIL JACK**

New zest and joy, with coolness, refreshment and rare good taste! The rich, delicious flavor of Lemon-Crush is due to the exclusive Ward process of combining delicate fruit oil pressed from fresh lemons with pure sugar and citric acid (the natural acid of the lemon).

Before and after the game—anywhere—any time—Lemon-Crush and its companion drink, Orange-Crush, are welcomed by those who know the fine fragrance and flavor of these sunshine drinks.

## More Milk

HALF a gallon more milk from each cow every day, will more than pay your feed bill.

Nearly every cow owner gets that increase with Purina Cow Chow.

It costs about a dollar a month more to feed Cow Chow, but that difference is more than made up in the first week. The rest of the month you get your extra milk for nothing. Feed out of the Checkerboard Bag and you will get more milk.

Sold in Checkerboard Bags Only
